

**California PV Utility Program Managers Meeting
PG&E Energy Center– August 7, 2007 10-3pm**

Time	Description	who
10 am	Welcome and Introductions – This working group meeting is intended to address issues & questions regarding the design and implementation of solar programs, as defined by SB1 and the California Solar Initiative (CSI). 7 months into the CSI program (IOUs) and with POUs launching new or enhanced programs, presents a time to share experiences.	Tor Allen, The Rahun Institute
10:05-10:30	California Solar Initiative (CSI) Update – status of the program. Changes made in recent months, participation rates, administrative database tool, Marketing & Outreach, Research, Solar Thermal + Implementation experience.	Polly Shaw California Public Utility Commission
10:30-10:50	Program Administrator Experience with the CSI program thus far...	Sara Birmingham Pacific Gas & Electric
11:00-12:00	New Solar Home Partnership 1. Update on the New Solar Homes Partnership Public Awareness Campaign, including Builder Market Research, Case Studies, ... (20min) 2. Update on Program Participation, Policy, and Direction (10 min) http://www.gosolarcalifornia.ca.gov/nshp/index.html	Claudia Chandler Bill Blackburn/ Sandy Miller California Energy Commission
11:30-12:00	SB1 Requirements – New Report from CEC (30 min) outlining eligibility criteria, conditions for incentives, and rating standards required by Senate Bill 1 (Statutes of 2006) to establish for all solar energy system programs, pursuant to Public Resources Code Section 25782. <i>Senate Bill 1 calls for three specific expectations to be met to qualify for the ratepayer funded incentives made available through the bill:</i> 1. High quality solar energy systems with maximum system performance to promote the highest energy production per ratepayer dollar, 2. Optimal system performance during periods of peak demand , and 3. Appropriate energy efficiency improvements in the new and existing home or commercial structure where the solar energy system is installed	Bill Blackburn California Energy Commission
12:00	LUNCH	
12:30-1	Marketing & Outreach – a Collaborative Approach for common area marketing/education needs for utilities throughout California.	Tor Allen Clay Atchison The Rahun Institute
1 - 300	Afternoon Session: Roundtable session – Sharing of program developments at participant utilities. Addressing additional concerns/issues. Training, Low Income program, incentive level design. Additional discussion on SB1 Requirements from CEC.	Tor, moderate
